INDICAZIONE GEOGRAFICA PROTETTA
PUGLIA

GRAPES

100% Nero di Troia

VINEYARD AREA

The Nero di Troia grapes are selected from low-yielding, fully organic vineyards in the province of Foggia, in Northern Puglia.

AGE OF VINES

The plants are an average of 20 to 30 years old

PLANT TRAINING AND DENSITY

These vines are trained in the Espalier with spurred cordon system. The plant density is approximately 5.000 plants per hectare.

HARVEST

Careful manual picking occurs in October.

VINIFICATION

After de-stemming, the grapes are not crushed, allowing them to remain intact, reducing damage to the skins and optimizing colour extraction. Fermentation takes place at a controlled temperature of 23-25°C for approximately 10 days.

Frequent remontage and delestage are carried out in the early stages of fermentation in order to achieve soft extraction of aromas and gentle tannins. After racking, malolactic bacteria are added to induce the second fermentation.

AGING

30% of the wine for 6 months in first passage American oak barriques.

ALCOHOL

13 %

WEINMAKER'S NOTES

Luminous Red with purple reflections, this elegant and finely textured wine displays aromas of dark fresh plum, cinnamon, exotic spices, black pepper and tobacco. The firm yet gentle tannins add complexity and a long and lingering finish.
